Sample Collection & Sending Instructions

Buy some wet wipes. Place a clean one in plastic lunch bag and seal and label as per below.

With the other, wipe up the dust from a 1 square-metre surface and place wet wipe in a separate plastic lunch bag and seal and label as per below. If your sample area is not 1 square metre, then measure the area and record on the sample.

LABEL: Location you got the sample, any other relevant details, your name and date of sampling, needs to be on the sample.

Package sample in a box so it is secure and doesn't get damaged or leak.

Enclose THIS form within the box along with any other instructions or information

Post or Courier to EAL (postage details below) ASAP after collection.
